

# DOLCEZZA

GELATO FACTORY & COFFEE LAB

events package

we're sure you know our story by now...

"we started in a 300 square foot kitchen in georgetown in 2004. siince then, our life has been dedicated to creating the most exquisite, seasonal gelato we possibly can."

we've since upgraded to a 4,000 square foot factory north of union market in an ever-changing neighborhood, and we want you to be part of the excitement. in addition to production and retail, we can't wait to contribute to the community with a breadth of culinary and cultural events-- or maybe just your company retreat. your ideas are versatile, and so is our space.
